#### DESTINATION

Merton College, Oxford  
University

Highly intelligent, ambitious and incredibly hard working, Izzy had the ideal characteristics to gain high grades at A level.

Her dream from the start of college was to gain the grades needed to study at Oxford University and it was evident fairly early on that she would achieve this dream. There is not an extension task on the RS scheme of work that Izzy has not completed!

When we finished the specification in RS, Izzy brought in cakes for fellow students having carefully checked dietary requirements!
